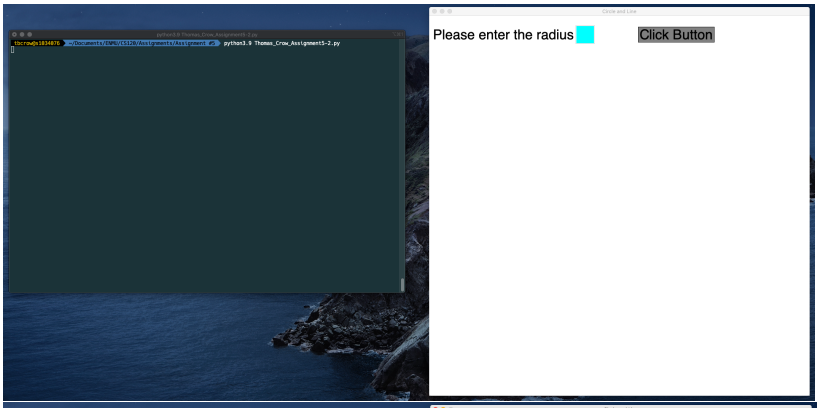
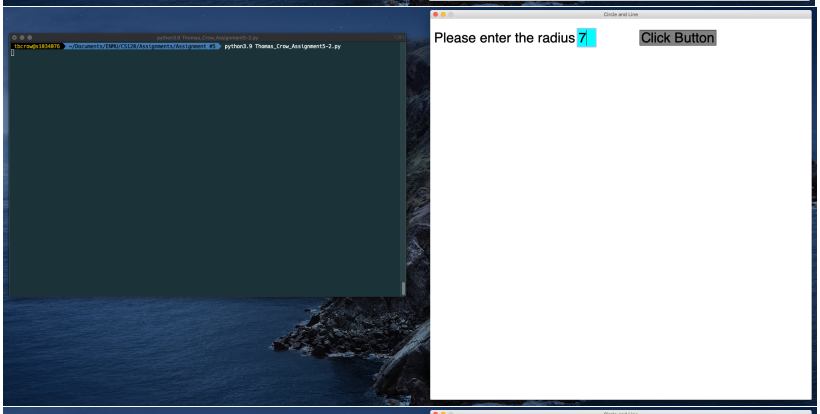
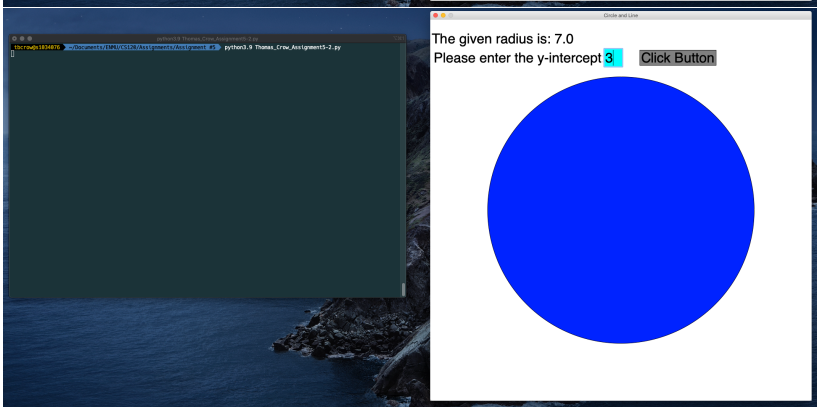
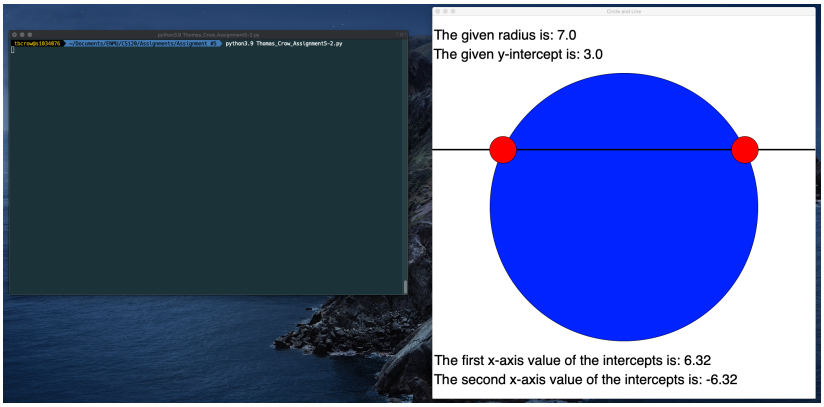
Assignment 5-2
Thomas Crow
Class: CS120
Output – Screenshots

Run #1



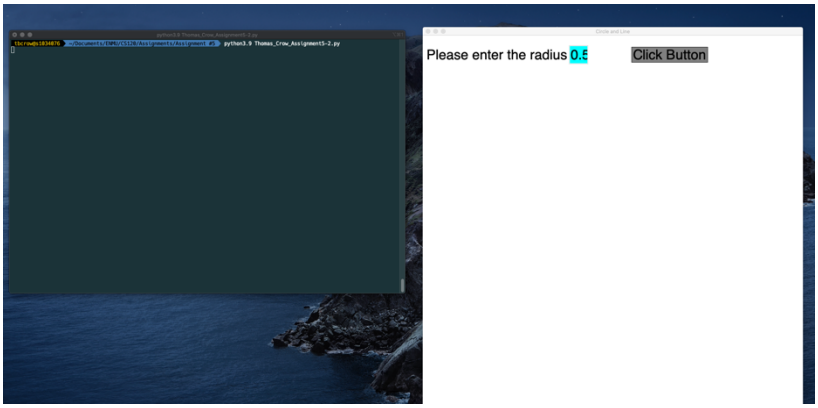




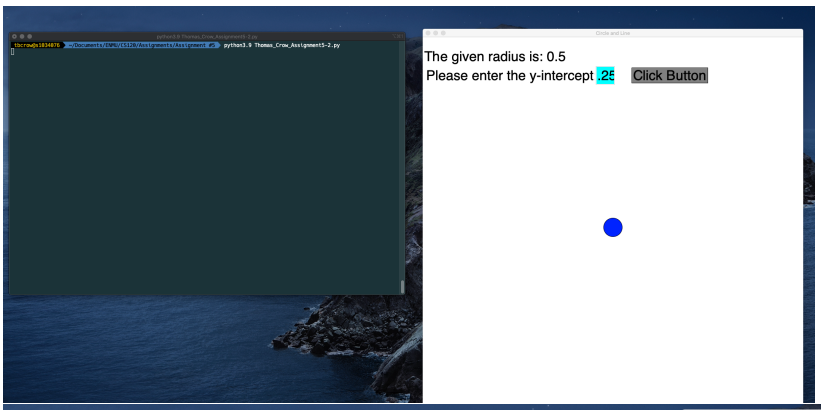


Circle and Line
The given radius is: 7.0
The given y-intercept is: 3.0
The first x-axis value of the intercepts is: 6.32
The second x-axis value of the intercepts is: -6.32

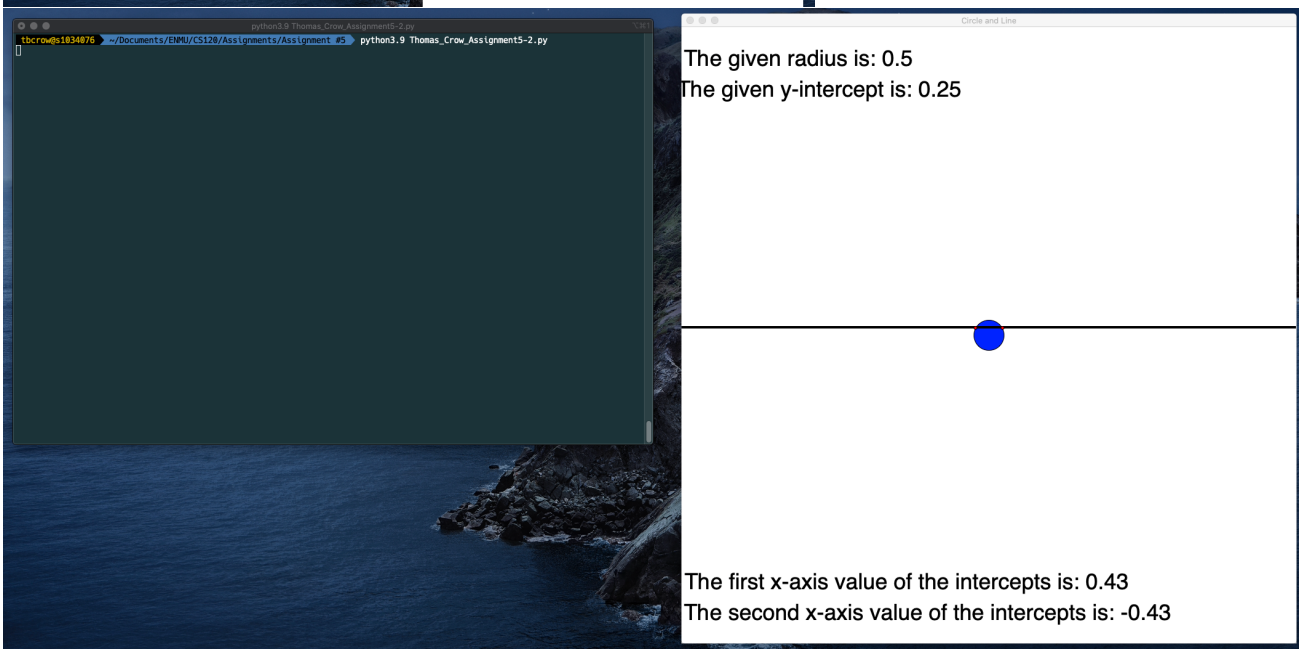
Run #2



Please enter the radius 0.5
Click Button

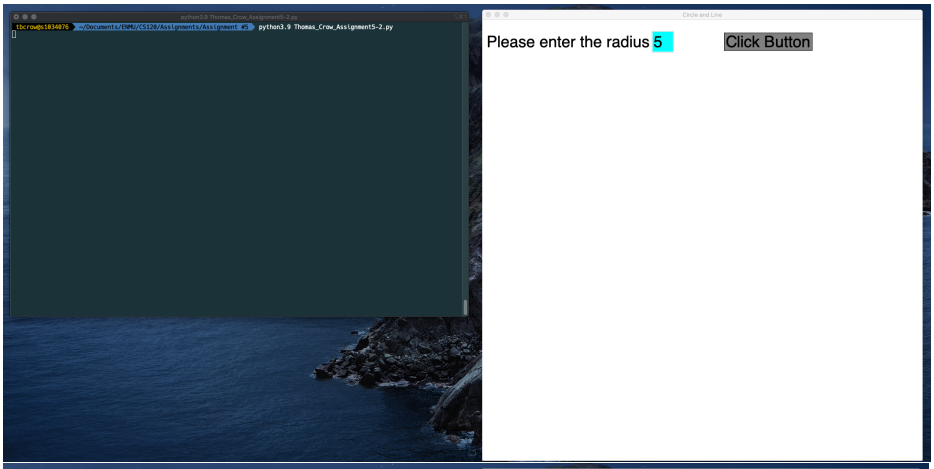


The given radius is: 0.5
Please enter the y-intercept .25
Click Button

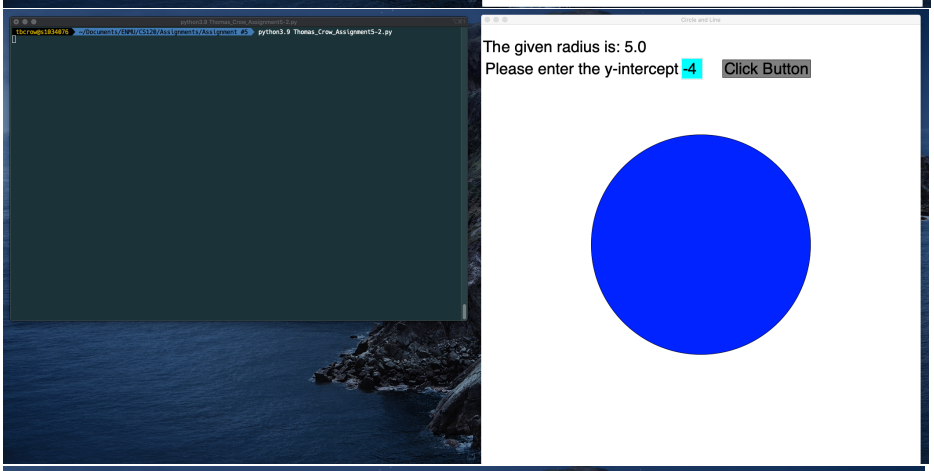


tbcrow@s1034076 ~/Documents/ENMU/CS120/Assignments/Assignment #5 python3.9 Thomas_Crow_Assignment5-2.py
The given radius is: 0.5
The given y-intercept is: 0.25
The first x-axis value of the intercepts is: 0.43
The second x-axis value of the intercepts is: -0.43

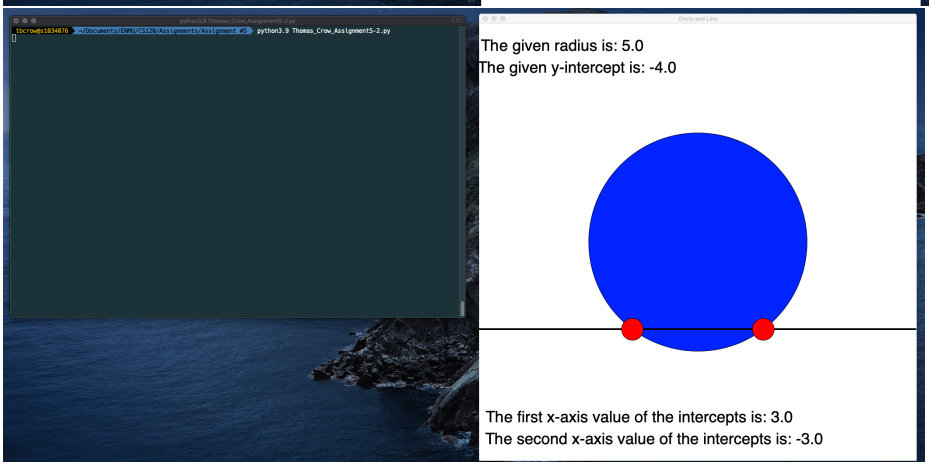
Run #3



Please enter the radius 5
Click Button



The given radius is: 5.0
Please enter the y-intercept -4
Click Button



The given radius is: 5.0
The given y-intercept is: -4.0
The first x-axis value of the intercepts is: 3.0
The second x-axis value of the intercepts is: -3.0
