

Question #1

A terminal window with a dark background and a title bar containing three colored circles (red, yellow, green) and the text "-zsh". The terminal shows the command "java tester1" being executed, followed by the output "Expected position: 10" and "Current position: 10". The prompt "tbcrow@DigDug Lab #6 %" is visible at the end of the output.

```
tbcrow@DigDug Lab #6 % java tester1
Expected position: 10
Current position: 10
tbcrow@DigDug Lab #6 %
```

Question #2

A terminal window with a dark background and a title bar containing three colored circles (red, yellow, green) and the text "-zsh". The terminal shows the command "java tester2" being executed, followed by the output for two students: Emma and John. For Emma, the output is "Student: Emma", "Total score: 18.00", "Average score: 9.00", and "Higher score: 9.50". For John, the output is "Student: John", "Total score: 31.80", "Average score: 7.95", and "Higher score: 9.30". The prompt "tbcrow@DigDug Lab #6 %" is visible at the end of the output.

```
tbcrow@DigDug Lab #6 % java tester2
Student: Emma
Total score: 18.00
Average score: 9.00
Higher score: 9.50
Student: John
Total score: 31.80
Average score: 7.95
Higher score: 9.30
tbcrow@DigDug Lab #6 %
```
